ALMA
CHIARA
— DRY GIN —

Our gin is amphibian-friendly. We support Savethefrogs, a global non-profit working to prevent amphibian extinction. Visit our website to connect with them and other conservation groups like the locally active SOS Anfibi, and learn how to donate or volunteer.

ALMA

CHIARA

This gin celebrates the beauty of nature and the joyfulness of our amphibian friends who serenade visitors with songs and whispers about our woodlands, hidden trails, and centuries-old trees that echo the footsteps of history.

Alma Chiara is as clear and pure as the soul of our woods—of our flora and fauna. This clarity and purity is reflected in its transparent bottle and elegant glass stopper.

Each label features a different amphibian. The frog, the quintessential symbol of this class, represents fertility and abundance—just like the Alma Mater, “*the nourishing mother*,” of ancient Roman tradition.

Crafted in small batches, our gin is infused with wild herbs & fairy-tale charm. It is distilled with Phoenician juniper berries and a selection of native herbs and botanicals sourced from our region.
